MPA Chief Executive Mr. Teo Eng Dih Visits MOL DP Training Centre

On November 26, 2024, the MOL Dynamic Positioning Training Centre, operated by MOL Marine & Engineering Co., Ltd., welcomed Mr. Teo Eng Dih, Chief Executive of the Maritime and Port Authority of Singapore (MPA), along with 6 esteemed guests.

The visit featured a presentation on Dynamic Positioning (DP) technology, tracing its origins and principles. We highlighted critical applications of DP technology in the oil and gas industry, offshore wind farm operations, among others while underscoring our position as the first and only Nautical Institute (NI)-approved DP training facility in Japan, dedicated to developing skilled Dynamic Positioning Operators (DPOs) worldwide including Southeast Asia.

Mr. Teo shared on Singapore's maritime research facilities.

We are honored to have hosted Mr. Teo and his team and look forward to exploring collaborative opportunities with MPA Singapore to advance various area of maritime related field.
